

### Remarks

This is responsive to the requirement for election of species mailed May 24, 2007.

The amendment to claim 19 only corrects a typographical error.

### Election of Species

The Office requires an election between Species I (FIGS. 3-4), Species II (FIG. 5), and Species III (FIG. 6).

In response, Applicant elects the embodiments of Species I. Claims 1-7, 19, and 22-25 are readable on Species I. Claims 1-7, 19, and 22-25 are also generic to all designated species.

### Conclusion

This is a complete response to the requirement for election of species.

The Examiner is encouraged to contact the undersigned should any questions arise concerning this response or for any other matter pursuant to this application.

Respectfully submitted,
